*The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District Officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1974-75 is as follows: Dummer, \$247.90; Errol, \$1,061.90; Gorham, \$14,282.00; Milan, \$1,396.75; Randolph, \$873.20; Shelburne, \$683.25; State Share, \$2,500.00. The Teacher's retirement and the State Employee's Retirement Assoc. assesses the amount for the Superintendent's Retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law.

Report of the Superintendent

To the Citizens of the Town of Dummer:

Each year I attempt to include in my report those pieces of information of which all citizens should be informed and which will help you make your decisions as a voting citizen of the community. Should my report fall short of this goal I would ask that you inform me personally of those matters to which you want my report to refer.

Tuition

Tuition remains, perhaps, as the one greatest problem faced by the community. It has climbed steadily in recent years and from all indications will continue to do so in the near and distant future. Therefore, it would seem that future budgets will contain large tuition amounts.

Due to the extremely large size of the budget for the coming year, your school board has not placed into the budget any money for extra children. It was felt that no money should be raised unless there was a specific need for it. Therefore, should there be new families moving to Dummer during the coming months there will be no tuition money in the budget to pay for their schooling. This will mean another deficit budget another year.

The 1974-75 budget will show a tuition deficit of \$9,100.15 due to an increase in the estimated tuition rate provided to your school board last year. When budgets were prepared a year ago our estimated tuition rates were \$645.12 for elementary, \$912.48 for junior high, and \$920.40 for senior high. In the fall of 1974 the state figures came out much higher than expected at \$927.57 for elementary (an increase of \$282.45/pupil), \$957.02 for junior high (an increase of \$44.54/pupil), and \$1,043.38 (an increase of \$122.98/pupil). These increases were due to a number of circumstances which could not have been totally foreseen a year ago. When these increases are totaled for the current year they represent a deficit of \$9,100.15 over what we expected and budgeted for last year.

Warrant

The only warrant article which is new this year is number 4. The article is an attempt to place whatever funds remain at the

end of the year into a Capital Reserve Fund. The request is being made to increase the size of the fund due to the increased cost of school busses since the purchase of the local bus. In recent years prices have been quoted between \$13,500.00 to \$15,500.00. Needless to say at \$1,500.00 to \$2,000.00 per year we will be unable to purchase a new bus when the need arises.

In addition to the cost problem, delays in delivery for such a bus can be as long as 12-18 months. This poses the problem of ordering a vehicle over a year in advance to assure that it will be available when needed.

Budget

The proposed budget for 1975-76 has been set at \$78,432.16 or \$22,696.02 above the current budget. However, one must realize the current budget has a deficit of \$9,100.15 so the real difference is only \$13,595.87. Unfortunately the budget deficit and the new proposed budget must be raised in December of 1975; both of which total \$87,532.31. The problem with the total is the resulting amount that must be raised by taxation. The chart below shows just how severe that problem really is:

	1974-75		1975-76
Budget	\$55,736.14	Budget	\$78,432.16
Revenues	<u>18,801.19</u>	Deficit	<u>9,100.15</u>
To be Raised	\$36,934.95		\$87,532.31
		Revenues	<u>750.00</u>
		To be Raised	\$86,782.31

The net increase represented by the two budgets is \$49,847.36 or 134.96%. How this great an increase can be raised locally is a question you the voters will have to answer.

The magnitude of the problem can be seen in the tuition budget alone. The tuition figure exceeds the current budget by \$10,663.86. It becomes obvious in that one figure that the problem lies here.

Summary

The Town of Dummer can not continue indefinitely to raise tuition budgets of the size presented for 1975-76. The solution is not an easy one but some serious discussions will have to take place and some hard decisions made if future budgets are to be kept under control.

In closing, I wish to thank the members of the Dummer School Board, the District officers, Mr. Paul Wentworth and the voters of Dummer for their continued support of a good education for their children.

Respectfully,

ROBERT BELLAVANCE
Superintendent of Schools
